

**REMARKS**

The present amendment is submitted in response to the Office Action mailed July 6, 2007. Claims 1 – 8 remain in this application. Claims 2 – 8 have been amended to put them in better form. In view of the amendments above and the remarks to follow, reconsideration and allowance of this application are respectfully requested.

***Specification Objection***

In the Office Action, the Specification was objected to for a non-descriptive title. The title has been replaced with a new title as per the Examiner's recommendation. It is believed the new title is clearly indicative of the invention to which the claims are directed. Withdrawal of the objection is respectfully requested.

***Drawing Objection***

In the Office Action, the Drawings were objected to for failing to comply with 37 CFR 1.83 (a) for not showing every feature of the invention specified in the claims. It is respectfully submitted that the central-current supply conductor and side-current supply conductor are shown in Figure 1a as elements 3 and 4, respectively and are fully supported in the specification. Withdrawal of the objection is respectfully requested.

***Allowed Claims***

Applicant wishes to thank the Examiner for indicating that Claims 1 – 8 are allowed.

**Conclusion**

In view of the foregoing amendments and remarks, it is respectfully submitted that all claims presently pending in the application, namely, Claims 1 – 8 are believed to be in condition for allowance and patentably distinguishable over the art of record.

If the Examiner should have any questions concerning this communication or feels that an interview would be helpful, the Examiner is requested to call Mr. Frank Keegan, Intellectual Property Counsel, Philips Electronics North America, at 914-945-9669.

Respectfully submitted,
